RE: Cohasset Decommissioning Follow-up Survey

Dear Mr. Spurr,

Completion of an ROV survey one year following the completion of the Cohasset Project decommissioning is a required follow-up measure of Condition 1 of the Application to Amend the Cohasset Development Plan Decision Report. Our records show that decommissioning was completed in October of 2005, and thus the one year survey was required prior to November 1, 2006.

Correspondence with EnCana (Thillet to Vardy, July 6, 2006) indicated the one-year follow-up survey would be completed by the end of October, 2006. Further correspondence (Thillet to Vardy, November 1, 2006) indicated that the survey is now expected to be complete by the end of November 2006.

In keeping with the Condition 1, we expect this work to be completed without further delay.

Sincerely,

Diana L. Dalton
Chair/Acting Chief Executive Officer
Canada-Nova Scotia Offshore Petroleum Board
