NOTES/COMMENTS:

Beth,

At this present time, MARLANT/DND has no known UXO issues in the proposed area for offshore gas development (including proposed M&NP option). However, please be advised that the proposed laydown areas for piping appears to traverse through MARLANT Op Areas I & J. As such, we request that prior to any development work, EnCana contact Kyle Penney, F SEMS Officer (902-721-8622) to determine MARLANT Op Area usage during that time.

Regards,

Sean Brushett
