

CNSOPB Receives Joint Environmental Report

Halifax, NS – Today, the Deep Panuke Coordinated Public Review Secretariat submitted the Joint Environmental Report for the proposed Deep Panuke Offshore Gas Development Project to the Canada-Nova Scotia Offshore Petroleum Board (CNSOPB). This report was prepared by the CNSOPB Commissioner and National Energy Board member following the conclusion of the oral hearings.

The Joint Environmental Report will be given to the Responsible Authorities for their consideration in preparing the Comprehensive Study Report.

The Joint Environmental Report is available to the public on the Secretariat website at www.deeppanukereview.ca.
