

Revised Offshore Waste Treatment Guidelines Approved

August 21, 2002

Halifax, NS - The Canada - Nova Scotia Offshore Petroleum Board (CNSOPB) has approved stricter Offshore Waste Treatment Guidelines.

The Guidelines are published by the CNSOPB, the Canada - Newfoundland Offshore Petroleum Board (C-NOPB) and the National Energy Board (NEB). They describe minimum standards for the treatment and/or disposal of wastes associated with the routine operations of drilling and production installations offshore Canada.
