

* In the 2017 area, limitations may be placed on petroleum activities near the shore.

Fisheries and Oceans Canada has selected St. Anns Bank (striped area) as an Area of Interest for establishment as a Marine Protected Area under the *Oceans Act*.

Nominations, for Crown lands, may be submitted by any person at any time and are not restricted to the year and area shown on the map. In addition to reviewing nominated lands received by the Board, the Board has outlined Call for Bids Forecast Areas on a rolling three year basis. These areas will be evaluated by the Board internally and subject to fundamental decisions, one or more parcel(s) located in these areas will normally be included in the Call for Bids for the year specified, along with selected nominated parcels. The Call for Bids Forecast Areas are reviewed on an annual basis to determine whether the planned areas should be amended. The current three year forecast is shown.
