APPROVAL

Approval is hereby given to the Operator named in the above Application, pursuant to subsection 10(1) and section 13 of the *Nova Scotia Offshore Petroleum Drilling and Production Regulations* (December 31, 2009), to conduct the proposed well program subject to the following conditions:

- 1. Copies of all logs and well test data shall be submitted to the CNSOPB by the Operator promptly after their acquisition,
- 2. The Operator shall comply with all conditions of the Operations Authorization (number noted below), under which the above well is to be drilled,
- 3. The Operator shall comply with such other conditions as are appended to this Approval, and
- 4. No change in the well program submitted in accordance with Section 12 of the above referenced regulations may be made unless it is first approved by a Conservation/Safety Officer of the CNSOPB, and documented.
