APPROVAL

Approval is hereby given to the Operator named in the above Application, pursuant to subsection 10(1) and section 13 of the *Nova Scotia Offshore Petroleum Drilling and Production Regulations* (December 31, 2009), to conduct the proposed well program subject to the following conditions:

1. Copies of all logs and well test data shall be submitted to the CNSOPB by the Operator promptly after their acquisition,
2. The Operator shall comply with all conditions of the Operations Authorization (number noted below), under which the above well is to be drilled,
3. The Operator shall comply with such other conditions as are appended to this Approval, and
4. No change in the drilling program or the well data acquisition program submitted in accordance with Section 11 of the above referenced regulations may be made unless it is first approved, by a Conservation/Safety Officer of the CNSOPB and documented.
