

**APPENDIX II**

**FRENCH MARITIME BOUNDARY**

**ST. PIERRE AND MIQUELON AREA**

EXCERPT FROM

DECISION OF THE COURT OF ARBITRATION

FOR THE DELIMITATION OF MARITIME AREAS

BETWEEN CANADA AND FRANCE

June 10, 1992

The COURT OF ARBITRATION, by three votes to two, being in favor President Jiménez de Aréchaga and Judges Schachter and Arangio-Ruiz, and against Judges Weil and Gotlieb, draws the following line of delimitation:

It shall be defined by geodetic lines which, begin at point 9 of the delimitation referred to in Article 8 of the Agreement of 27 March, 1972, connect the points with the following coordinates:

	Latitude North			Longitude West		
	°	'	"	°	'	"
A	47	14	28.3	56	37	52.0
B	47	12	59.0	56	39	45.1
C	47	07	46.6	56	52	06.3
D	46	58	58.6	57	05	48.4

From point D it shall be defined by segments of arcs of circles of 24 nautical mile radius centered on the nearest points of the baselines of the French islands, which segments intersect at the points with the following coordinates:

	Latitude North			Longitude West		
	°	'	"	°	'	"
E	46	47	54.5	56	59	12.3
F	46	36	35.1	56	53	55.3
F	46	33	14.9	56	50	16.5
H	46	27	28.4	56	41	17.3
I	46	23	52.6	56	30	24.0

and thence it shall continue along the next segment to:

J	46	22	03.8	56	24	15.6
---	----	----	------	----	----	------

From point J it shall be defined by geodetic lines connecting the points with the following coordinates:

K	45	23	04.0	56	24	07.6
L	44	24	04.0	56	24	00.1

M	43	25	04.5	56	23	52.9
---	----	----	------	----	----	------

From point M it shall be the segment of an arc of circle of 200 nautical miles radius centered on the nearest point of the baseline of the French islands to:

N	43	24	58.0	56	09	26.0
---	----	----	------	----	----	------

From point N it shall be defined by geodetic lines connecting the points with the following coordinates:

O	44	27	45.0	56	09	18.3
P	45	30	30.0	56	09	10.2
Q	46	33	17.2	56	09	01.6

From point Q it shall be defined by segments of arcs of circles of 12 nautical miles radius, centered on the nearest points of the baselines of the French islands, which intersect at the points with the following coordinates:

R	46	34	52.0	56	01	45.1
S	46	37	01.7	55	57	12.2

and thence it shall continue along the next segment to point 1 of the 1972 Agreement.

All coordinates are expressed in the North American Datum (1983) geodetic system.
