been met.

(2) Where there is a shortfall of petroleum deliveries in the Prov-

criterion and manner to be specified in the call. 1987, c. 3, s. 70.

 Rights conferred by exploration licence

71 (1) An exploration licence confers, with respect to the portion of
the offshore area to which the licence applies,

(a) the right to explore for, and the exclusive right to drill
and test for, petroleum;

(b) the exclusive right to develop that portion of the off-
shore area in order to produce petroleum; and

c) the exclusive right, subject to compliance with the
other provisions of this Part, to obtain a production licence.

(2) The making of a call for bids and the issuance of an explora-
tion licence by the Board is subject to Sections 31 to 37. 1987, c. 3, s. 71.

 Application of exploration licence to portion only

72 A share in an exploration licence may, subject to any requirements
that may be prescribed, be held with respect to a portion only of the offshore area
subject to the exploration licence. 1987, c. 3, s. 72.

 Terms and conditions of exploration licence

73 (1) An exploration licence shall contain such terms and condi-
tions as may be prescribed and may contain any other terms and conditions, not
inconsistent with this Part or the regulations, as may be agreed on by the Board,
subject to Sections 31 to 37, and the interest owner of the licence.

(2) Subject to Section 6, the Governor in Council may make regu-
lations prescribing terms and conditions required to be included in exploration
licences issued in relation to the offshore area or any portion thereof. 1987, c. 3, s. 73.

 Amendment of exploration licence

74 (1) The Board, subject to Sections 31 to 37, and the interest
owner of an exploration licence may, by agreement, amend any provision of the
exploration licence in any manner not inconsistent with this Part or the regulations
and, without limiting the generality of the foregoing, may, subject to subsection (2), amend the licence to include any other portion of the offshore area.

(2) The Board shall not amend an exploration licence to include any portion of the offshore area that, immediately prior to the inclusion, was Crown reserve lands unless the Board would be able to issue an interest to that interest owner in relation to those lands pursuant to subsection (1) of Section 67 and a notice has been published in accordance with Section 69 not later than ninety days before making the amendment, setting out the terms and conditions of the amendment.

(3) Subject to Sections 31 to 37, the Board may, on the application of the interest owners of two or more exploration licences, consolidate those exploration licences into a single exploration licence, subject to any terms and conditions that may be agreed on by the Board and those interest owners. 1987, c. 3, s. 74.

Effective date and term of exploration licence

75 (1) The effective date of an exploration licence is the date specified in the licence as the effective date thereof.

(2) Subject to subsection (3) and Section 76, the term of an exploration licence shall not exceed nine years from the effective date of the licence and shall not be extended or renewed.

(3) Subject to Section 76, the term of an exploration licence entered into or in respect of which negotiations have been completed before December 20, 1985, may be renegotiated once only for a further term not exceeding four years and thereafter the term thereof shall not be renegotiated, extended or renewed.

(4) On the expiration of an exploration licence, any portion of the offshore area to which the exploration licence related and that is not subject to a production licence or a significant discovery licence becomes Crown reserve lands. 1987, c. 3, s. 75.

Continuation of exploration licence

76 (1) Where, prior to the expiration of the term of an exploration licence, the drilling of any well has been commenced on any portion of the offshore area to which the exploration licence applies, the exploration licence continues in force while the drilling of that well is being pursued diligently and for so long thereafter as may be necessary to determine the existence of a significant discovery based on the results of that well.

(2) Where the drilling of a well referred to in subsection (1) is suspended by reason of dangerous or extreme weather conditions or mechanical or other technical problems encountered in the drilling of the well, the drilling of that well shall, for the purposes of subsection (1), be deemed to be being pursued diligently during the period of suspension.

(3) Where the drilling of a well referred to in subsection (1) cannot be completed for mechanical or other technical problems and if, within ninety
days after the cessation of drilling operations with respect to that well, or such longer period as the Board determines, the drilling of another well is commenced on any portion of the offshore area that was subject to the exploration licence, the drilling of that other well shall, for the purposes of subsection (1), be deemed to have commenced prior to the expiration of the term of the exploration licence. 1987, c. 3, s. 76.

Declaration of significant discovery

77 (1) Subject to Section 126, where a significant discovery has been made on any portion of the offshore area that is subject to an interest or a share therein held in accordance with Section 72, the Board shall, on the application of the interest holder of the interest or the share made in the form and manner and containing such information as may be prescribed, make a written declaration of significant discovery in relation to those portions of the offshore area in respect of which there are reasonable grounds to believe that the significant discovery may extend.

(2) Where a significant discovery has been made on any portion of the offshore area, the Board may, by order subject to Section 126, make a declaration of significant discovery in relation to that portion of the offshore area in respect of which there are reasonable grounds to believe the significant discovery may extend.

(3) A declaration made pursuant to subsection (1) or (2) shall describe the portions of the offshore area to which the declaration applies.

(4) Subject to subsection (5), where a declaration of significant discovery is made pursuant to subsection (1) or (2) and, based on the results of further drilling, there are reasonable grounds to believe that a discovery is not a significant discovery or that the portions of the offshore area to which the significant discovery extends differ from the significant discovery area, the Board may, subject to Section 126 and as appropriate in the circumstances,

(a) amend the declaration of significant discovery by increasing or decreasing the significant discovery area; or

(b) revoke the declaration.

(5) A declaration of significant discovery shall not be amended to decrease the significant discovery area or revoked earlier than,

(a) in the case of a significant discovery area that is subject to a significant discovery licence issued pursuant to subsection (1) of Section 79, the date on which the exploration licence referred to in that subsection expires; and

(b) in the case of a significant discovery area that is subject to a significant discovery licence issued pursuant to subsection (2) of Section 79, three years after the effective date of the significant discovery licence.
(6) A copy of a declaration of significant discovery and of any amendment or revocation thereof made pursuant to this Section in relation to any portion of the offshore area subject to an interest shall be sent by registered mail to the interest owner of that interest. 1987, c. 3, s. 77.

Rights conferred by significant discovery licence

78 A significant discovery licence confers, with respect to the portion of the offshore area to which the licence applies,

(a) the right to explore for, and the exclusive right to drill and test for, petroleum;

(b) the exclusive right to develop that portion of the offshore area in order to produce petroleum; and

(c) the exclusive right, subject to compliance with the other provisions of this Part, to obtain a production licence. 1987, c. 3, s. 78.

Significant discovery licence

79 (1) Where a declaration of significant discovery is in force and all or a portion of the significant discovery area is subject to an exploration licence or a share therein held in accordance with Section 72, the Board shall, on the application of the interest holder of the exploration licence or the share made in the form and manner and containing such information as may be prescribed, issue to the interest holder a significant discovery licence in respect of all portions of the significant discovery area that are subject to the exploration licence or the share.

(2) Where a declaration of significant discovery is in force and the significant discovery area extends to Crown reserve lands, the Board may, after making a call for bids in relation to those Crown reserve lands or any portion thereof and selecting a bid submitted in response to the call in accordance with subsection (1) of Section 65, issue a significant discovery licence to the person who submitted that bid in relation to the Crown reserve lands specified in the call.

(3) A significant discovery licence shall be in the form prescribed and may contain any other terms and conditions, not inconsistent with this Part or the regulations, as may be agreed on by the Board, subject to Sections 31 to 37, and the interest owner of the significant discovery licence.

(4) The making of a call for bids and the issuance of a significant discovery licence by the Board pursuant to subsection (2) is subject to Sections 31 to 37. 1987, c. 3, s. 79.

Change of significant discovery area

80 (1) Where a significant discovery area in relation to a declaration of significant discovery is decreased pursuant to an amendment made pursuant to subsection (4) of Section 77, any significant discovery licence that was issued on the basis of that declaration shall be amended by decreasing accordingly the portion of the offshore area subject to that licence.
Where a significant discovery area in relation to a declaration of significant discovery is increased pursuant to an amendment made pursuant to subsection (4) of Section 77, any significant discovery licence that was issued on the basis of that declaration shall be amended to include all portions of the amended significant discovery area that are subject to any exploration licence held by the interest owner of that significant discovery licence at the time the significant discovery area is so increased. 1987, c. 3, s. 80.

Effect and term of exploration licence

81 (1) On the issuance of a significant discovery licence pursuant to subsection (1) of Section 79 with respect to a significant discovery area, any exploration licence ceases to have effect in relation to that significant discovery area.

(2) The effective date of a significant discovery licence is the date of application for the licence.

(3) Subject to subsection (1) of Section 91, a significant discovery licence continues in force, in relation to each portion of the offshore area to which the licence applies, during such period as the declaration of significant discovery on the basis of which the licence was issued remains in force in relation to that portion.

(4) On the expiration of a significant discovery licence, any portion of the offshore area to which the significant discovery licence related and that is not subject to a production licence becomes Crown reserve lands. 1987, c. 3, s. 81.

Requirement for activity

82 (1) Subject to subsections (2) to (4) and Sections 31 to 37, the Board may, at any time after making a declaration of significant discovery, by order subject to Section 126, require the interest owner of any interest in relation to any portion of the significant discovery area to drill a well on any portion of the significant discovery area that is subject to that interest, in accordance with such directions as may be set out in the order, and to commence the drilling within one year after the making of the order or within such longer period as the Board specifies in the order.

(2) No order may be made under subsection (1) with respect to any interest owner who has completed a well on the relevant portion of the offshore area within six months after the completion of that well.

(3) No order may be made pursuant to subsection (1) within the three years immediately following the well termination date of the well indicating the relevant significant discovery.

(4) No order made pursuant to subsection (1) may require an interest owner to drill more than one well at a time on the relevant portion of the offshore area.
(5) For the purposes of subsection (3), “well termination date” means the date on which a well has been abandoned, completed or suspended in accordance with any applicable drilling regulations. 1987, c. 3, s. 82; 2014, c. 43, s. 6.

Board may provide information

83 (1) The Board may, notwithstanding Section 121, provide information or documentation relating to a significant discovery to any interest owner who requires such information or documentation to assist the interest owner in complying with an order made pursuant to subsection (1) of Section 82.

(2) An interest owner shall not disclose any information or documentation provided to that interest owner pursuant to subsection (1) except to the extent necessary to enable the interest owner to comply with an order made pursuant to subsection (1) of Section 82. 1987, c. 3, s. 83.

Declaration of commercial discovery

84 (1) Subject to Section 126, where a commercial discovery has been made on any portion of the offshore area that is subject to an interest or a share therein held in accordance with Section 72, the Board shall, on the application of the interest holder of the interest or the share made in the form and manner and containing such information as may be prescribed, make a written declaration of commercial discovery in relation to those portions of the offshore area in respect of which there are reasonable grounds to believe that the commercial discovery may extend.

(2) Subject to Section 126, where a commercial discovery has been made on any portion of the offshore area, the Board may, by order, make a declaration of commercial discovery in relation to those portions of the offshore area in respect of which there are reasonable grounds to believe that the commercial discovery may extend.

(3) Subsections (3), (4) and (6) of Section 77 apply, with such modifications as the circumstances require, with respect to a declaration made pursuant to subsection (1) or (2). 1987, c. 3, s. 84.

Order reducing term of interest

85 (1) Subject to Sections 31 to 37, the Board may, at any time after making a declaration of commercial discovery, give notice to the interest owner of any interest in relation to any portion of the commercial discovery area where commercial production of petroleum has not commenced before that time stating that, after such period of not less than six months as may be specified in the notice, an order may be made reducing the term of that interest.

(2) During the period specified in a notice sent to an interest owner pursuant to subsection (1), the Board shall provide a reasonable opportunity for the interest owner to make such submissions as the interest owner considers relevant to determining whether the Board should make an order reducing the term of the relevant interest.
(3) Notwithstanding any other provision of this Act, where the Board is of the opinion that it is in the public interest, the Board may, at any time not later than six months after the expiration of the period specified in a notice in respect of an interest sent pursuant to subsection (1), by order subject to Sections 31 to 37 and Section 126, reduce the term of the interest to three years after the date the order is made or such longer period as may be specified in the order.

(4) Notwithstanding any other provision of this Act but subject to subsections (5) and (6), where an order is made pursuant to subsection (3), any interest in respect of a portion of the offshore area within the area to which the interest that is the subject of the order applied on the date the order was made ceases to have effect at the end of the period specified in the order.

(5) Where commercial production of petroleum on any portion of the offshore area referred to in subsection (4) commences before the expiration of the period specified in an order made pursuant to subsection (3) or the period extended pursuant to subsection (6), the order ceases to have effect and is deemed to have been vacated.

(6) Subject to Sections 31 to 37, the Board may extend the period specified in an order made pursuant to subsection (3) or may revoke the order.

Change of area covered by licence

89 (1) Where a commercial discovery area in relation to a declaration of commercial discovery is decreased pursuant to an amendment made pursuant to subsection (3) of Section 84, any production licence that was issued on the basis of that declaration shall be amended by decreasing accordingly the portion of the offshore area subject to that licence.

(4) Subject to Sections 31 to 37, the Board may, by order, on such terms and conditions as may be specified in the order, extend the term of a production licence where

(a) commercial production of petroleum from the portion of the offshore area subject to the licence ceases before or on the expiration of the twenty-five year term of the production licence and the Board has reasonable grounds to believe that commercial production from such portion of the offshore area will recommence; or

(b) the Board has reasonable grounds to believe that commercial production of petroleum from such portion of the offshore area will, at any time before or after the expiration of the term of the licence, cease during any period and thereafter recommence. 1987, c. 3, s. 90.

A demand for information served pursuant to subsection (1) may be complied with by mailing or delivering to the person serving the demand notice a true copy of the documents referred to in the demand notice.

Where a secured party fails without reasonable excuse to comply with a demand for information in respect of a security notice in relation to an interest or share therein served on the secured party in accordance with this Section, the court may, on application by the person who served the demand notice, make an order requiring the secured party to comply with the demand for information within the time and in the manner specified in the order.

Where a secured party fails to comply with an order of a court made pursuant to subsection (5), the court may, on the application of the person who applied for the order,

(a) serve on the secured party under the security notice a notice to take proceedings, in prescribed form, directing that secured party to apply to the court, within sixty days after the day on which the notice to take proceedings is served, for an order substantiating the security interest claimed in the security notice; or

(b) commence proceedings in the court, requiring the secured party to show cause why the registration of the security notice should not be cancelled.

The court may, by order, on the ex parte application of a person who proposes to serve a notice to take proceedings pursuant to subsection (1), shorten the sixty-day period referred to in clause (a) of subsection (1) and, if the order is made,

(a) clause (a) of subsection (1) shall, in relation to that notice to take proceedings, be deemed to refer to the shorter period; and

(b) a certified copy of the order shall be served with that notice to take proceedings.
(3) The court may, on the application of a secured party served with a notice to take proceedings, extend the period for applying to the court referred to in clause (a) of subsection (1), whether or not that period has been shortened pursuant to subsection (2).

(4) A notice to take proceedings is served for the purposes of this Section if it is sent by registered mail or delivered to the secured party at the official address for service in respect of the security notice according to the records of the Registrar.

(5) The registration of a security notice shall be cancelled on submission to the Registrar of a statutory declaration showing that

(a) a notice to take proceedings was served in accordance with this Section; and

(b) no application was commenced in accordance with the notice to take proceedings or within the period extended pursuant to subsection (3) or an application so made was dismissed by the court or discontinued.

(6) Where the registration of a security notice in respect of a security interest is cancelled pursuant to subsection (5) or (7), the secured party under the security notice may not submit for registration pursuant to Sections 104 to 120 another security notice in respect of that security interest without leave of the court to do so.

(7) The registration of a security notice shall be cancelled where there is submitted to the Registrar a certified copy of an order or judgment of a court directing the Registrar to do so, whether as a result of proceedings taken pursuant to Sections 104 to 120 or otherwise. 1987, c. 3, s. 116.

Transfer not effective until registered

117 A transfer of an interest or a share therein is not effective against the Crown prior to the registration of the transfer. 1987, c. 3, s. 117.

Rights preserved

118 For greater certainty, the registration of an instrument

(a) does not restrict or in any manner affect any right or power of the Board, the Minister or the federal Minister pursuant to this Part, the regulations or the terms of any interest; and

(b) does not derogate from any proprietary right or any right to dispose of or exploit natural resources that Her Majesty in right of the Province has pursuant to this Act in respect of any portion of the offshore area. 1987, c. 3, s. 118.
No liability for acts done in good faith

119 No action or other proceedings for damages shall be commenced against the Registrar or Deputy Registrar or anyone acting under the authority of the Registrar or Deputy Registrar for an act done or omission in good faith in the exercise of a power or the performance of a duty pursuant to Sections 104 to 120. 1987, c. 3, s. 119.

(5) A notice given under clause (b) of subsection (4) of a decision to disclose information or documentation shall include

(a) a statement that the person to whom the notice is given may request a review of the decision under subsection (7) within twenty days after the day on which the notice is given; and

activity is not in force or was made prior to March 5, 1982, the matters in dispute may, by order of the Board, be submitted to arbitration conducted in accordance with the regulations.

(2) Subsection (1) applies only in respect of
   (a) interests in force on March 5, 1982, in relation to any portions of the offshore area; and
   (b) interests immediately succeeding the interests referred to in clause (a) in relation to those portions of the offshore area where those portions of the offshore area were not Crown reserve lands on the expiration of the interests referred to in clause (a).

(3) An order of an arbitrator made pursuant to arbitration pursuant to subsection (1) is binding on all interest holders specified in the order from the date specified in the order, and the terms and conditions of the order are deemed to be terms and conditions of the interest to which the matters relate. 1987, c. 3, s. 123.

Regulations

124 (1) Subject to Section 6, the Governor in Council may make regulations for carrying out the purposes and provisions of Section 123 and, without restricting the generality of the foregoing, may make regulations

(2) Notwithstanding anything in this Part, where an interest owner or holder fails to comply with a notice pursuant to subsection (1) within the period specified in the notice and the Board considers that the failure to comply warrants cancellation of the interest of the interest owner or holder or any share in the interest held by the holder with respect to a portion only of the offshore area subject to the interest, the Board may, by order subject to Sections 31 to 37 and Sec-
tion 126, cancel that interest or share, and where the interest or share is so cancelled, the portion of the offshore area thereunder becomes Crown reserve lands.

(3) notwithstanding any other provision of this Act, but subject to subsection (4), where a person is in default in accordance with the Offshore Petroleum Royalty Act and any regulations made thereunder in the payment of any amount payable pursuant to that Act in respect of any interest issued in relation to any portion of the offshore area, the Minister may, for so long as the amount remains unpaid, direct the Board to

(a) refuse to issue to that person any interest in relation to any portion of the offshore area;

(b) refuse to authorize, pursuant to clause (b) of subsection (1) of Section 135, that person to carry on any work or activity related to the exploration for or the production of petroleum on any portion of the offshore area and may suspend any such authorization already given; and

(4) notwithstanding any other provision of this Act, a decision of the Board made in accordance with a direction of the Minister pursuant to subsection (3) is not a fundamental decision.

(5) No remedy may be exercised pursuant to subsection (3) in respect of a default in payment of an amount pending any assessment, reassessment, appeal or review in respect of that default pursuant to the Offshore Petroleum Royalty Act and any regulations made thereunder. 1987, c. 3, s. 125; 2013, c. 16, s. 8.

(b) a production order would stop waste,

the Chief Conservation Officer may order the commencement, continuation or increase of production of petroleum at such rates and in such quantities as are specified in the order.

(2) Where the Chief Conservation Officer on reasonable grounds is of the opinion that an order pursuant to this subsection would stop waste, the Chief Conservation Officer may order a decrease or the cessation or suspension of production of petroleum for any periods specified in the order.

(3) Subsections (2) to (4) of Section 152 and Section 154 apply, with such modifications as the circumstances require, to an order made pursuant to
subsection (1) or (2) as if it were an order made pursuant to subsection (1) of Section 152.

(4) A person subject to an order made pursuant to subsection (1) or (2) shall, on request, afford the Chief Conservation Officer or a person designated by the Chief Conservation Officer access to premises, files and records for all reasonable purposes related to the order. 1987, c. 3, s. 150; 1992, c. 12, s. 17.

Offence

151 (1) Subject to subsection (5) of Section 191, any person who commits waste is guilty of an offence pursuant to this Part, but a prosecution may be instituted for such an offence only with the consent of the Board.

(2) In this Part, “waste”, in addition to its ordinary meaning, means waste as understood in the petroleum industry and in particular, but without limiting the generality of the foregoing, includes

(a) the inefficient or excessive use or dissipation of reservoir energy;

(b) the locating, spacing or drilling of a well within a field or pool or within part of a field or pool or the operating of any well that, having regard to sound engineering and economic principles, results or tends to result in a reduction in the quantity of petroleum ultimately recoverable from a pool;

(c) the drilling, equipping, completing, operating or producing of any well in a manner that causes or is likely to cause the unnecessary or excessive loss or destruction of petroleum after removal from the reservoir;

(d) the inefficient storage of petroleum above ground or underground;

(e) the production of petroleum in excess of available storage, transportation or marketing facilities;

(f) the escape or flaring of gas that could be economically recovered and processed or economically injected into an underground reservoir; or

(g) the failure to use suitable artificial, secondary or supplementary recovery methods in a pool when it appears that such methods would result in increasing the quantity of petroleum, ultimately recoverable under sound engineering and economic principles. 1987, c. 3, s. 151.

Order to cease operations re waste

152 (1) Where the Chief Conservation Officer, on reasonable grounds, is of the opinion that waste, other than waste as defined in clause (f) or (g) of subsection (2) of Section 151, is being committed, the Chief Conservation Officer may,
subject to subsection (2), order that all operations giving rise to such waste cease until the Chief Conservation Officer is satisfied that the waste has stopped.

(2) Before making any order pursuant to subsection (1), the Chief Conservation Officer shall hold an investigation at which interested persons shall be given an opportunity to be heard.

(3) Notwithstanding subsection (2), the Chief Conservation Officer may, without an investigation, make an order pursuant to this Section requiring all operations to be shut down if in the opinion of the Chief Conservation Officer it is necessary to do so to prevent damage to persons or property or to protect the environment, but as soon as possible after making any such order and in any event within fifteen days thereafter, the Chief Conservation Officer shall hold an investigation at which interested persons shall be given an opportunity to be heard.

(4) At the conclusion of an investigation made pursuant to subsection (3), the Chief Conservation Officer may set aside, vary or confirm the order made, or make a new order. 1987, c. 3, s. 152; 1992, c. 12, s. 18.

Delegation by Chief Conservation Officer

153 (1) For the purpose of giving effect to an order made pursuant to Section 152, the Chief Conservation Officer may authorize such persons as may be necessary to enter the place where the operations giving rise to the waste are being carried out and take over the management and control of those operations and any works connected therewith.

(2) A person authorized pursuant to subsection (1) to take over the management and control of operations shall manage and control those operations and do all things necessary to stop the waste and the cost thereof shall be borne by the person who holds any interest that is subject to Part II or any lease issued pursuant to Part II, and until paid constitutes a debt recoverable by action in any court of competent jurisdiction as a debt due to the Board. 1987, c. 3, s. 153.

Appeal from order of Chief Conservation Officer

154 (1) A person aggrieved by an order of the Chief Conservation Officer after an investigation pursuant to Section 152 may appeal to the Committee to have the order reviewed.

(2) After hearing the appeal the Committee may

(a) set aside, confirm or vary the order made by the Chief Conservation Officer;

(b) order such works to be undertaken as may be considered necessary to prevent waste, the escape of petroleum or any other contravention of this Part or the regulations; or

(c) make such other or further order as the Committee considers appropriate. 1987, c. 3, s. 154.
Application to Committee by Chief Conservation Officer

155 (1) When the Chief Conservation Officer, on reasonable grounds, is of the opinion that waste as defined in clause (f) or (g) of subsection (2) of Section 151 is occurring in the recovery of petroleum from a pool, the Chief Conservation Officer may apply to the Committee for an order requiring the operators within the pool to show cause at a hearing to be held on a day specified in the order why the Committee should not make a direction in respect thereof.

(2) On the day specified in the order made pursuant to subsection (1), the Committee shall hold a hearing at which the Chief Conservation Officer, the operators and other interested persons shall be given an opportunity to be heard. 1987, c. 3, s. 155.

Order following hearing

156 (1) If, after the hearing mentioned in Section 155, the Committee is of the opinion that waste as defined in clause (f) or (g) of subsection (2) of Section 151 is occurring in the recovery of petroleum from a pool, the Committee may, by order,

(a) direct the introduction of a scheme for the collection, processing, disposition or reinjection of any gas produced from such pool; or

(b) direct repressurizing, recycling or pressure maintenance for the pool or any part of the pool and for, or incidental to such purpose, direct the introduction or injection into that pool, or part thereof, of gas, water or other substance,

and the order may further direct that the pool or part thereof specified in the order be shut in if the requirements of the order are not met or unless a scheme is approved by the Committee and in operation by a date fixed by the order.

(2) Notwithstanding subsection (1), the Committee may permit the continued operation of a pool or any part of a pool after the date fixed by an order made pursuant to subsection (1) if in the opinion of the Committee a scheme for the repressurizing, recycling or pressure maintenance or the processing, storage or disposal of gas is in course of preparation, but any such continuation of operations is subject to any conditions imposed by the Committee. 1987, c. 3, s. 156.

Interpretation of Sections 154 to 162 and exception from liability

157 (1) In Sections 158 to 162, “spill” means a discharge, emission or escape of petroleum, other than one the authorization of which is approved under Section 158B, the regulations or any other law of the Province or that constitutes a discharge from a vessel to which Part 8 or 9 of the Canada Shipping Act, 2001 applies or from a ship to which Part 6 of the Marine Liability Act (Canada) applies.

(2) In Section 159, “actual loss or damage” includes loss of income, including future income, and, with respect to any Aboriginal peoples of Canada, loss of hunting, fishing and gathering opportunities, but does not include
loss of income recoverable under subsection (3) of section 42 of the *Fisheries Act* (Canada).

(3) In Sections 159 to 160 and 162, “debris” means any installation or structure that was put in place in the course of any work or activity required to be authorized under clause (b) of subsection (1) of Section 135 and that has been abandoned without an authorization that may be required by or under this Part, or any material that has broken away or been jettisoned or displaced in the course of any of that work or activity.

(4) Her Majesty in right of the Province incurs no liability whatever to any person arising out of the authorization by regulations made by the Governor in Council of any discharge, emission or escape of petroleum. 1987, c. 3, s. 157; 1992, c. 12, s. 19; 2014, c. 43, s. 20.

**Spills**

158 (1) No person shall cause or permit a spill on or from any portion of the offshore area.

(2) Where a spill occurs in any portion of the offshore area, any person who at the time of the spill is carrying on any work or activity related to the exploration for or development or production of petroleum in the area of the spill shall, in the manner prescribed by the regulations, report the spill to the Chief Conservation Officer.

(3) Every person required to report a spill under subsection (2) shall, as soon as possible, take all reasonable measures consistent with safety and the protection of health and the environment to prevent any further spill, to repair or remedy any condition resulting from the spill and to reduce or mitigate any damage or danger that results or may reasonably be expected to result from the spill.

(4) Where the Chief Conservation Officer is satisfied, on reasonable grounds, that

(a) a spill has occurred in any portion of the offshore area and immediate action is necessary in order to effect any reasonable measures referred to in subsection (3); and

(b) such action is not being taken or will not be taken pursuant to subsection (3),

the Chief Conservation Officer may take such action or direct that it be taken by such persons as may be necessary.

(5) For the purposes of subsection (4), the Chief Conservation Officer may authorize and direct such persons as may be necessary to enter the place where the spill has occurred and take over the management and control of any work or activity being carried on in the area of the spill.
(6) A person authorized and directed to take over the management and control of any work or activity pursuant to subsection (5) shall manage and control that work or activity and take all reasonable measures in relation to the spill that are referred to in subsection (3).

(7) Any costs incurred pursuant to subsection (6) shall be borne by the person who obtained an authorization pursuant to clause (b) of subsection (1) of Section 135 in respect of the work or activity from which the spill emanated and until paid constitute a debt recoverable by action in any court of competent jurisdiction as a debt due to the Board.

(7A) Where a person, other than a person referred to in subsection (7), takes action pursuant to subsection (3) or (4), the person may recover from Her Majesty in right of the Province the costs and expenses reasonably incurred by that person in taking the action.

(8) Section 154 applies, with such modifications as the circumstances require, to any action or measure taken or authorized or directed to be taken pursuant to subsections (4) to (6) as if it were taken or authorized or directed to be taken by order pursuant to subsection (1) of Section 152 and as if such order were not subject to an investigation.

(9) No person required, directed or authorized to act pursuant to this Section is personally liable in respect of any act or omission in the course of complying with this Section unless it is shown that that person did not act reasonably in the circumstances. 1987, c. 3, s. 158; 1992, c. 12, s. 20; 2013, c. 16, s. 14.

Exception for spill-treating agent

158A (1) The provisions referred to in Schedule V do not apply to the deposit of a spill-treating agent and those referred to in Schedule VI do not apply in respect of any harm that is caused by the spill-treating agent or by the interaction between the spill-treating agent and the spilled oil, if

(a) the authorization issued under clause (b) of subsection (1) of Section 135 permits the use of the spill-treating agent;

(b) other than in the case of a small-scale test that meets the prescribed requirements, the Chief Conservation Officer approves in writing the use of the agent in response to the spill and it is used in accordance with any requirements set out in the approval;

(c) the agent is used for the purposes of subsection (3) or (4) of Section 158; and

(d) the agent is used in accordance with the regulations.

(2) The provisions referred to in Schedule VI continue to apply to the holder of an authorization referred to in clause (a) of subsection (1) in respect of any harm that is caused by the spill or, notwithstanding subsection (1), by the interaction between the spill-treating agent and the spilled oil.
(3) Other than in the case of a small-scale test, the Chief Conservation Officer shall not approve the use of a spill-treating agent unless the Officer determines, taking into account any prescribed factors and any factors the Officer considers appropriate, that the use of the spill-treating agent is likely to achieve a net environmental benefit. 2014, c. 43, s. 21.

Approval for research
158B (1) For the purpose of a particular research project pertaining to the use of a spill-treating agent in mitigating the environmental impacts of a spill, the Minister may grant approval to the federal Minister for the Minister of the Environment for Canada to authorize, and establish conditions for, the deposit of a spill-treating agent, oil or oil surrogate.

(2) The Minister shall not grant approval to the federal Minister for the Minister of the Environment for Canada to authorize the deposit of an oil surrogate unless the Minister of the Environment for Canada has determined that the oil surrogate poses fewer safety, health or environmental risks than oil.

(3) Where the conditions set out in the authorization are met, the provisions referred to in Schedules V and VI do not apply in respect of the spill-treating agent, oil and oil surrogate required for the research project. 2014, c. 43, s. 21.

Liability for spill
159 (1) Where any discharge, emission or escape of petroleum that is authorized by regulation, or any spill, occurs in any portion of the offshore area,

(a) all persons to whose fault or negligence the spill or the authorized discharge, emission or escape of petroleum is attributable or who are by law responsible for others to whose fault or negligence the spill or the authorized discharge, emission or escape of petroleum is attributable are jointly and severally liable, to the extent determined according to the degree of the fault or negligence proved against them, for

(i) all actual loss or damage incurred by any person as a result of the spill or the authorized discharge, emission or escape of petroleum or as a result of any action or measure taken in relation to the spill or the authorized discharge, emission or escape of petroleum,

(ii) the costs and expenses reasonably incurred by the Board or Her Majesty in right of the Province or Canada or any other person in taking any action or measure in relation to the spill or the authorized discharge, emission or escape of petroleum, and

(iii) all loss of non-use value relating to a public resource that is affected by a spill or the authorized discharge, emission or escape of petroleum or as a result of any action or
measure taken in relation to the spill or the authorized discharge, emission or escape of petroleum; and

(b) the person who is required to obtain an authorization under clause (b) of subsection (1) of Section 135 in respect of the work or activity from which the spill or the authorized discharge, emission or escape of petroleum emanated is liable, without proof of fault or negligence, up to the applicable limit of liability that is set out in subsection (2B) for the actual loss or damage, the costs and expenses and the loss of non-use value described in subclauses (i) to (iii) of clause (a).

(2) Where, as a result of debris or as a result of any action or measure taken in relation to debris, there is a loss of non-use value relating to a public resource or any person incurs actual loss or damage or, where the Board or Her Majesty in right of the Province or Canada reasonably incurs any costs or expenses in taking any action or measure in relation to debris,

(a) all persons to whose fault or negligence the debris is attributable or who are by law responsible for others to whose fault or negligence the debris is attributable are jointly and severally liable, to the extent determined according to the degree of the fault or negligence proved against them, for that loss, actual loss or damage, and for those costs and expenses; and

(b) the person who is required to obtain an authorization under clause (b) of subsection (1) of Section 135 in respect of the work or activity from which the debris originated is liable, without proof of fault or negligence, up to the applicable limit of liability that is set out in subsection (2B), for that loss, actual loss or damage, and for those costs and expenses.

(2A) A person who is required to obtain an authorization under clause (b) of subsection (1) of Section 135 and who retains, to carry on a work or activity in respect of which the authorization is required, the services of a contractor to whom clause (a) of subsection (1) or clause (a) of subsection (2) applies is jointly and severally liable with that contractor for any actual loss or damage, costs and expenses and loss of non-use value described in subclauses (i) to (iii) of clause (a) of subsection (1) and subsection (2).

(2B) For the purposes of clause (b) of subsection (1) and clause (b) of subsection (2), the limit of liability is one billion dollars.

(2C) Subject to Section 6, the Governor in Council may, by regulation, increase the amount referred to in subsection (2B).

(2D) Where a person is liable under clause (b) of subsection (1) or clause (b) of subsection (2) with respect to an occurrence and the person is also liable under any other Act, without proof of fault or negligence, for the same occurrence, the person is liable up to the greater of the applicable limit of liability that is
set out in subsection (2B) and the limit up to which the person is liable under the other Act and, where the other Act does not set out a limit of liability, the limits set out in subsection (2B) do not apply.

(2E) Only Her Majesty in right of the Province or Canada may bring an action to recover a loss of non-use value described in subsections (1) and (2).

(3) All claims under this Section may be sued for and recovered in any court of competent jurisdiction in Canada and shall rank, firstly, in favour of persons incurring actual loss or damage, described in subsections (1) and (2), without preference, secondly, without preference, to meet any costs and expenses described in those subsections and, lastly, to recover a loss of non-use value described in those subsections.

(4) Subject to subsection (2E), nothing in this Section suspends or limits

(a) any legal liability or remedy for an act or omission by reason only that the act or omission is an offence pursuant to this Part or gives rise to liability pursuant to this Section;

(b) any recourse, indemnity or relief available at law to a person who is liable under this Section against any other person; or

(c) the operation of any applicable law or rule of law that is not inconsistent with this Section.

(5) Proceedings in respect of claims pursuant to this Section may be instituted within three years after the day when the loss, damage, costs or expenses occurred but in no case after six years after the day the spill or the discharge, emission or escape of petroleum occurred or, in the case of debris, after the day the installation or structure in question was abandoned or the material in question broke away or was jettisoned or displaced. 1987, c. 3, s. 159; 1992, c. 12, s. 21; 2014, c. 43, s. 22.

Proof of financial resources

159A (1) An applicant for an authorization under clause (b) of subsection (1) of Section 135 for the drilling for or development or production of petroleum shall provide proof, in the prescribed form and manner, that it has the financial resources necessary to pay the limit of liability referred to in subsection (2B) of Section 159 and, where the Board considers it necessary, the Board may determine a greater amount and require proof that the applicant has the financial resources to pay that greater amount.

(2) An applicant for an authorization under clause (b) of subsection (1) of Section 135 for any other work or activity shall provide proof, in the prescribed form and manner, that it has the financial resources necessary to pay an amount that is determined by the Board.
(3) When the Board determines an amount under subsection (1) or (2), the Board is not required to consider any potential loss of non-use value relating to a public resource that is affected by a spill or the authorized discharge, emission or escape of petroleum or as a result of debris.

(4) The holder of an authorization under clause (b) of subsection (1) of Section 135 shall ensure that the proof referred to in subsections (1) and (2) remains in force for the duration of the work or activity in respect of which the authorization is issued.

(5) The holder of an authorization under clause (b) of subsection (1) of Section 135 shall also ensure that the proof referred to in subsection (1) remains in force for a period of one year beginning on the day on which the Board notifies the holder that it has accepted a report submitted by the holder indicating that the last well in respect of which the authorization is issued is abandoned, and the Board may reduce that period and may decide that the proof that is to remain in force during that period is proof that the holder has the financial resources necessary to pay an amount that is less than the amount referred to in subsection (1) and that is determined by the Board. 2014, c. 43, s. 23.

Financial responsibility

160 (1) An applicant for an authorization under clause (b) of subsection (1) of Section 135 shall provide proof of financial responsibility in the form of a letter of credit, guarantee or indemnity bond or in any other form satisfactory to the Board,

(a) in the case of the drilling for or development or production of petroleum in the offshore area, in the amount of one hundred million dollars or, where the Board considers it necessary, in a greater amount that the Board determines; or

(b) in any other case, in an amount that is satisfactory to, and determined by, the Board.

(1A) An applicant to which clause (a) of subsection (1) applies may, rather than provide proof of financial responsibility in the amount referred to in that clause, provide proof that it participates in a pooled fund that is established by the oil and gas industry, that is maintained at a minimum of two hundred and fifty million dollars and that meets any other requirements that are established by regulation.

(1B) Subject to Section 6, the Governor in Council may, by regulation, increase the amount referred to in subsection (1A).

(1C) The holder of an authorization under clause (b) of subsection (1) of Section 135 shall ensure that the proof of financial responsibility referred to in subsection (1) or (1A) remains in force for the duration of the work or activity in respect of which the authorization is issued.
(1D) The holder of an authorization under clause (b) of subsection (1) of Section 135 shall also ensure that the proof referred to in clause (a) of subsection (1) or subsection (1A) remains in force for a period of one year beginning on the day on which the Board notifies the holder that it has accepted a report submitted by the holder indicating that the last well in respect of which the authorization is issued is abandoned, and the Board may reduce that period and may decide—other than in the case of a holder that participates in a pooled fund—that the proof that is to remain in force during that period is for an amount that is less than the amount referred to in clause (a) of subsection (1) and that is determined by the Board.

(2) The Board may require that moneys in an amount not exceeding the amount prescribed for any case or class of cases, or determined by the Board in the absence of regulations, be paid out of the funds available under the letter of credit, guarantee or indemnity bond or other form of financial responsibility provided under subsection (1), or be paid out of the pooled fund referred to in subsection (1A), in respect of any claim for which proceedings may be instituted under Section 159, whether or not those proceedings have been instituted.

(3) Where payment is required pursuant to subsection (2), it shall be made in such manner, subject to such conditions and procedures and to or for the benefit of such persons or classes of persons as may be prescribed by the regulations for any case or class of cases, or as may be required by the Board in the absence of regulations.

(4) Where a claim is sued for pursuant to Section 159, there shall be deducted from any award made pursuant to the action on that claim any amount received by the claimant pursuant to this Section in respect of the loss, damage, costs or expenses claimed.

(5) The holder of an authorization under clause (b) of subsection (1) of Section 135 that is liable for a discharge, emission or escape of petroleum that is authorized by regulation or for any spill or debris in respect of which a payment has been made under subsection (2) out of the pooled fund, shall reimburse the amount of the payment in the prescribed manner. 1987, c. 3, s. 160; 1992, c. 12, s. 22; 2014, c. 43, s. 24.

Approval of lesser amount

160A (1) The Minister may, by order, on the recommendation of the Board and with the federal Minister’s approval, approve an amount that is less than the amount referred to in subsection (2B) of Section 159 or clause (a) of subsection (1) of Section 160 in respect of an applicant for, or a holder of, an authorization under clause (b) of subsection (1) of Section 135.

(2) Where the Minister approves an amount that is less than the amount referred to in subsection (2B) of Section 159 in respect of an applicant for an authorization under clause (b) of subsection (1) of Section 135, that applicant, for the purposes of subsection (1) of Section 159A, shall only provide proof that it has
the financial resources necessary to pay the adjusted amount approved by the Minister.

(3) No applicant for an authorization under clause (b) of subsection (1) of Section 135 contravenes clause (a) of subsection (1) of Section 160 if that applicant provides proof of financial responsibility in the amount that is approved by the Minister under this Section. 2014, c. 43, s. 25.

Committee respecting Sections 159 and 160

161 (1) A committee, consisting of members appointed by each Government and by representatives of the petroleum industry and of the fisheries industry, is established by the joint operation of this Act and the federal Implementation Act to review and monitor the application of Sections 159 and 160 and any claims and the payment thereof made pursuant to those Sections.

(2) The committee referred to in subsection (1) may be dissolved only by the joint operation of an Act of the Legislature and an Act of Parliament.

(3) The Board shall promote and monitor compensation policies for fishermen sponsored by the fishing industry respecting damages of a non-attributable nature. 1987, c. 3, s. 161.

Inquiry

162 (1) Where a spill or debris or an accident or incident, related to any activity to which this Part applies, occurs or is found in any portion of the offshore area and results in death or injury or danger to public safety or the environment, the Board may direct an inquiry to be made and may authorize any person it deems qualified to conduct the inquiry.

(1A) Where a spill or debris or an accident or incident related to any activity to which this Part applies occurs or is found in any portion of the offshore area and is serious, as defined by regulation, the Board shall direct that an inquiry referred to in subsection (1) be made and shall ensure that the person who conducts the inquiry is not employed by the Board.

(2) For the purposes of an inquiry pursuant to subsection (1), a person authorized by the Board pursuant to that subsection has and may exercise all the powers, privileges and immunities of a person appointed as a commissioner pursuant to the Public Inquiries Act.

(3) The person or persons authorized to conduct an inquiry pursuant to subsection (1) shall ensure that, as far as practicable, the procedures and practices for the inquiry are compatible with investigation procedures and practices followed by any appropriate federal authorities, and for such purposes may consult with any such authorities concerning compatible procedures and practices.

(4) As soon as possible after the conclusion of an inquiry pursuant to subsection (1), the person or persons authorized to conduct the inquiry shall
submit a report to the Board, together with the evidence and other material that was before the inquiry.

(5) A report made pursuant to subsection (4) shall be published by the Board within thirty days after the Board has received it.

(6) The Board may supply copies of a report published pursuant to subsection (5) in such manner and on such terms as the Board considers proper.

1987, c. 3, s. 162; 1992, c. 12, s. 23.

(2) An application pursuant to subsection (1) shall be made to the Board which shall refer the application to the Committee for the purpose of holding a hearing to determine whether a pooling order should be made and at such hearing the Committee shall afford all interested parties an opportunity to be heard.
(3) Prior to a hearing held pursuant to subsection (2), the working interest owner making application shall provide the Committee, and such other interested parties as the Committee may direct, with a proposed form of pooling agreement, and the working interest owners who have interests in the spacing unit to which the proposed pooling agreement relates shall provide the Committee with such information as the Committee deems necessary.

(4) After a hearing pursuant to subsection (2), the Committee may order that all working interest owners and royalty owners who have an interest in the spacing unit shall be deemed to have entered into a pooling agreement as set out in the pooling order.

(5) Every pooling order shall provide

(a) for the drilling and operation of a well on the spacing unit or, where a well that is capable of or that can be made capable of production has been drilled on the spacing unit before the making of the pooling order, for the future production and operation of that well;

(b) for the appointment of a working interest owner as operator to be responsible for the drilling, operation or abandoning of the well whether drilled before or after the making of the pooling order;

(c) for the allocation to each pooled tract of its share of the production of the petroleum from the pooled spacing unit that is not required, consumed or lost in the operation of the well, which allocation shall be on a prorated area basis unless it can be shown to the satisfaction of the Committee that such basis is unfair, whereupon the Committee may make an allocation on some other more equitable basis;

(d) in the event that no production of petroleum is obtained, for the payment by the applicant of all costs incurred in the drilling and abandoning of the well;

(e) where production has been obtained, for the payment of the actual costs of drilling the well, whether drilled before or after the making of the pooling order, and for the payment of the actual costs of the completion, operation and abandoning of the well; and

(f) for the sale by the operator of any petroleum allocated pursuant to clause (c) to a working interest owner where the working interest owner thereof fails to take in kind and dispose of such production, and for the deduction out of the proceeds by the operator of the expenses reasonably incurred in connection with such sale.

(6) A pooling order may provide for a penalty for a working interest owner who does not, within the time specified in the order, pay the portion of the costs attributable to that person as that person’s share of the cost of drilling and
completion of the well, but such penalty shall not exceed an amount equal to one half of that working interest owner’s share of such costs.

(7) If a working interest owner does not, within the time specified therefor in the pooling order, pay the share of the costs of the drilling, completing, operating and abandoning of the well, the portion of the costs and the penalty, if any, are recoverable only out of that person’s share of production from the spacing unit and not in any other manner. 1987, c. 3, s. 165.

Deemed pooling agreement

166 Where a pooling order is made, all working interest owners and royalty owners having interests in the pooled spacing unit shall, upon the making of the pooling order, be deemed to have entered into a pooling agreement as set out in the pooling order and that order shall be deemed to be a valid contract between the parties having interests in the pooled spacing unit, and all its terms and provisions, as set out therein or as altered pursuant to Section 167, are binding upon and enforceable against the parties thereto, including Her Majesty. 1987, c. 3, s. 166.

Hearing of application to vary

167 (1) The Committee shall hear any application to vary, amend or terminate a pooling order where such application is made by the owners of over twenty-five per cent of the working interests in the pooled spacing unit, calculated on a prorated area basis, and may, in its discretion, order a hearing on the application of any working interest owner or royalty owner.

(2) After a hearing held pursuant to subsection (1), the Committee may vary or amend the pooling order to supply any deficiency therein or to meet changing conditions and may vary or revoke any provision that the Committee deems to be unfair or inequitable or it may terminate the pooling order.

(3) Where a pooling order is varied or amended, no change shall be made that will alter the ratios of tract participations between the pooled tracts as originally set out in the pooling order. 1987, c. 3, s. 167.

Pooling agreement required

168 (1) No person shall produce any petroleum within a spacing unit in which there are two or more leases issued pursuant to Part II or two or more separately owned working interests unless a pooling agreement has been entered into in accordance with Section 164 or in accordance with a pooling order made pursuant to Section 165.

(2) Subsection (1) does not prohibit the production of petroleum for testing in any quantities approved by the Chief Conservation Officer. 1987, c. 3, s. 168.
Unit agreement

169 (1) Any one or more working interest owners in a pool or part thereof exceeding in area a spacing unit, together with the royalty owners, may enter into a unit agreement and operate their interests pursuant to the terms of the unit agreement or any amendment thereto if a copy of the agreement and any amendment has been filed with the Chief Conservation Officer.

(2) The Board may enter into a unit agreement binding on Her Majesty, on such terms and conditions as it may deem advisable, and the provisions of any enactment in conflict with the terms and conditions of the unit agreement stand varied or suspended to the extent necessary to give full effect to the terms and conditions of the unit agreement.

(3) Where a unit agreement filed pursuant to this Section provides that a unit operator shall be the agent of the parties thereto with respect to their powers and responsibilities pursuant to this Part, the performance or non-performance thereof by the unit operator shall be deemed to be the performance or non-performance by the parties otherwise having those powers and responsibilities pursuant to this Part. 1987, c. 3, s. 169.

Application by Chief Conservation Officer to require agreements

170 (1) Notwithstanding anything in this Part, where, in the opinion of the Chief Conservation Officer, the unit operation of a pool or part thereof would prevent waste, the Chief Conservation Officer may apply to the Committee for an order requiring the working interest owners in the pool or part thereof to enter into a unit agreement and a unit operating agreement in respect of the pool or part thereof, as the case may be.

(2) Where an application is made by the Chief Conservation Officer pursuant to subsection (1), the Committee shall hold a hearing at which all interested persons shall be afforded an opportunity to be heard.

(3) If, after the hearing mentioned in subsection (2), the Committee is of the opinion that unit operation of a pool or part thereof would prevent waste, the Committee may, by order, require the working interest owners in the pool or part thereof to enter into a unit agreement and a unit operating agreement in respect of the pool or part thereof.

(4) If in the time specified in the order referred to in subsection (3), being not less than six months after the date of the making of the order, the working interest owners and royalty owners fail to enter into a unit agreement and a unit operating agreement approved by the Committee, all drilling and producing operations within the pool or part thereof in respect of which the order was made shall cease until such time as a unit agreement and a unit operating agreement have been approved by the Committee and filed with the Chief Conservation Officer.

(5) Notwithstanding subsection (4), the Committee may permit the continued operation of the pool or part thereof after the time specified in the
order referred to in subsection (3) if it is of the opinion that a unit agreement and unit operating agreement are in the course of being entered into, but any such continuation of operations shall be subject to any conditions prescribed by the Committee. 1987, c. 3, s. 170.

Application for unitization order

171 (1) One or more working interest owners who are parties to a unit agreement and a unit operating agreement and own in the aggregate sixty-five percent or more of the working interests in a unit area may apply for a unitization order with respect to the agreements.

(2) An application pursuant to subsection (1) shall be made to the Board which shall refer the application to the Committee for the purpose of holding a hearing thereon in accordance with Section 173.

(3) An application pursuant to subsection (1) may be made by the unit operator or proposed unit operator on behalf of the working interest owners referred to in subsection (1). 1987, c. 3, s. 171.

(a) contribution or transfer to the unit, and any adjustment among the working interest owners, of the investment in wells and equipment within the unit area;

(b) charging of the costs and expenses of the unit operation to the working interest owners;

(c) supervision of the unit operation by the working interest owners through an operating committee composed of their duly authorized representatives and for the appointment of a unit operator to be responsible, under the direction and supervision of the operating committee, for the carrying out of the unit operation;

(d) determination of the percentage value of the vote of each working interest owner; and

(e) determination of the method of voting upon any motion before the operating committee and the percentage value of the vote required to carry the motion. 1987, c. 3, s. 172.

Referral to Committee

173 (1) Where an application made pursuant to Section 171 is referred by the Board to the Committee, the Committee shall hold a hearing thereon at which all interested persons shall be afforded an opportunity to be heard.

(2) If the Committee finds that

(a) at the date of the commencement of a hearing referred to in subsection (1)

   (i) the unit agreement and the unit operating agreement have been executed by one or more working interest owners who own in the aggregate sixty-five per cent or more of the total working interests in the unit area, and

   (ii) the unit agreement has been executed by one or more royalty owners who own in the aggregate sixty-five per cent or more of the total royalty interests in the unit area; and

(b) the unitization order applied for would accomplish the more efficient or more economical production of petroleum from the unitized zone,

the Committee may order

(c) that the unit agreement be a valid contract enuring to the benefit of all the royalty owners and working interest owners in
the unit area and binding upon and enforceable against all such owners; and

(d) that the unit operating agreement be a valid contract
enuring to the benefit of all the working interest owners in the unit
area and binding upon and enforceable against all such owners,

and subject to Section 174, the unit agreement and the unit operating agreement
have the effect given them by the order of the Committee.

(3) In a unitization order the Committee may vary the unit agree-
ment or the unit operating agreement by adding provisions or by deleting or amend-
ing any provision thereof. 1987, c. 3, s. 173.

Effective date of orders

174 (1) Subject to subsection (2), a unitization order becomes effec-
tive on the day that the Committee determines in the order, but that day shall be not
less than thirty days after the day on which the order is made.

(2) Where a unit agreement or unit operating agreement is varied
by the Committee in a unitization order, the effective date prescribed in the order
shall be a date not less than thirty days following the day the order is made, but the
order becomes ineffective if, before the effective date, the applicant files with the
Committee a notice withdrawing the application on behalf of the working interest
owners or there are filed with the Committee statements in writing objecting to the
order and signed

(a) in the case of the unit agreement by

(i) one or more working interest owners who own
in the aggregate more than twenty-five per cent of the total
working interests in the area and were included within the
group owning sixty-five per cent or more of the total working
interests as described in subclause (i) of clause (a) of subsec-
tion (2) of Section 173, and

(ii) one or more royalty owners who own in the
aggregate more than twenty-five per cent of the total royalty
interests in the unit area and were included within the group

more working interest owners who own in the aggregate more than
twenty-five per cent of the total working interests in the unit area and
were included within the group owning sixty-five per cent or more of

of subsection (2) of Section 173.

MARCH 1, 2016
Where a unitization order becomes ineffective pursuant to subsection (2), the Committee shall forthwith revoke the order. 1987, c. 3, s. 174; 1992, c. 12, s. 24.

Order not invalidated

A unitization order is not invalid by reason only of the absence of notice or of any irregularities in giving notice to any owner in respect of the application for the order or any proceedings leading to the making of the order. 1987, c. 3, s. 175.

Amendment of unitization order

A unitization order may be amended upon the application of a working interest owner, but before amending a unitization order the Committee shall hold a hearing at which all interested parties shall have an opportunity to be heard.

If the Committee finds that, at the date of the commencement of a hearing of an application for the amendment of a unitization order, one or more working interest owners who own, in the aggregate, sixty-five per cent or more of the total working interests and one or more royalty interest owners who own, in the aggregate, sixty-five per cent or more of the total royalty interests in the unit area have consented to the proposed amendment, the Committee may amend the unitization order in accordance with the amendment proposed. 1987, c. 3, s. 176.

Ratios not affected by order

No amendment shall be made pursuant to Section 176 that will alter the ratios between the tract participations of those tracts that were qualified for inclusion in the unit area before the commencement of the hearing, and, for the purposes of this Section, the tract participations shall be those indicated in the unit agreement when it became subject to a unitization order. 1987, c. 3, s. 177.

Compliance with agreement

After the date on which a unitization order comes into effect and while the order remains in force, no person shall carry on any operations within the unit area for the purpose of drilling for or producing petroleum from the unitized zone, except in accordance with the provisions of the unit agreement and the unit operating agreement. 1987, c. 3, s. 178.

Calculation of interest percentage

The percentages of interests referred to in subsection (1) of Section 171, subsection (2) of Section 173, subsection (2) of Section 174 and subsection (2) of Section 176 shall be determined,

(a) as to royalty interests, on a prorated area basis; and

(b) as to working interests, on the basis of tract participations shown in the unit agreement. 1987, c. 3, s. 179.
Conflict between order and agreement

180 (1) A pooled spacing unit that has been pooled pursuant to a pooling order and on which a well has been drilled may be included in a unit area as a single unit tract and the Committee may make such amendments to the pooling order as it deems necessary to remove any conflict between the provisions of the pooling order and the provisions of the unit agreement, or the unit operating agreement or the unitization order, if any.

(2) Where a pooled spacing unit is included in a unit area pursuant to subsection (1), the provisions of the unit agreement, the unit operating agreement and the unitization order, if any, prevail over the provisions of the pooling order in the event of a conflict.

(3) Notwithstanding subsection (2),

(a) the share of the unit production that is allocated to the pooled spacing unit shall in turn be allocated to the separately owned tracts in the pooled spacing unit on the same basis and in the same proportion as production actually obtained from the pooled spacing unit would have been shared pursuant to the pooling order;

(b) the costs and expenses of the unit operation that are allocated to the pooled spacing unit shall be shared and borne by the owners of the working interests therein on the same basis and in the same proportion as would apply pursuant to the pooling order; and

(c) the credits allocated pursuant to a unit operating agreement to a pooled spacing unit for adjustment of investment for wells and equipment thereon shall be shared by the owners of the working interests therein in the same proportion as would apply to the sharing of production pursuant to the pooling order. 1987, c. 3, s. 180.

Decision of Committee final

181 (1) Except as provided in Sections 181 to 184, every decision or order of the Committee is final and conclusive.

(2) Any minute or other record of the Committee or any document issued by the Committee in the form of a decision or order shall, for the purposes of this Section, be deemed to be a decision or order of the Committee. 1987, c. 3, s. 181.

Stated case

182 (1) The Committee may, of its own motion or at the request of the Board, state a case, in writing, for the opinion of the Nova Scotia Court of Appeal upon any question that in the opinion of the Committee is a question of law or of the jurisdiction of the Committee.

(2) The Nova Scotia Court of Appeal shall hear and determine the case stated, and remit the matter to the Committee with the opinion of the Court thereon. 1987, c. 3, s. 182; 2015, c. 36, s. 7.
Variation of Committee decision

183 The Board may, at any time in its discretion, either upon petition of any interested person or of its own motion, vary or rescind any decision or order of the Committee made pursuant to this Part, whether such order is made *inter partes* or otherwise and any order that the Board makes with respect thereto becomes a decision or order of the Committee and, subject to Section 184, is binding upon the Committee and upon all parties. 1987, c. 3, s. 183.

Appeal from Committee upon leave to Supreme Court

184 (1) An appeal lies from a decision or order of the Committee to the Supreme Court of Nova Scotia upon a question of law, in the manner prescribed, upon leave therefor being obtained from that Court, upon application made within one month after the making of the decision or order sought to be appealed from or within such further time as that Court may allow.

(2) Where leave to appeal is granted pursuant to subsection (1), any order of the Committee in respect of which the appeal is made shall be stayed until the matter of the appeal is determined.

(3) After the hearing of the appeal the Court shall certify its opinion to the Committee and the Committee shall make any order necessary to comply with that opinion.

(4) Any order made by the Committee pursuant to subsection (3), unless that order has already been dealt with by the Board pursuant to Section 183, shall be subject to that Section. 1987, c. 3, s. 184; 2015, c. 36, s. 8.

(e) undertakes or carries on a work or activity without an authorization under clause (b) of subsection (1) of Section 135 or without complying with the approvals or requirements, determined by the Board in accordance with the provisions of this Part or granted or prescribed by regulations made under this Part, of an authorization issued under that clause; or
(f) fails to comply with a direction, requirement or order of an operational safety officer, the Chief Safety Officer, a conservation officer or the Chief Conservation Officer or with an order of an installation manager or the Committee.

(2) Every person who is guilty of an offence pursuant to subsection (1) is liable on summary conviction to a fine not exceeding one million dollars or to imprisonment for a term not exceeding five years, or to both.

(3) In addition to the principles and factors that the court is otherwise required to consider, including those set out in sections 718.1 to 718.21 of the Criminal Code (Canada), the court shall consider the following principles when sentencing a person who is found guilty of an offence under this Part:

(a) the amount of the fine should be increased to account for every aggravating factor associated with the offence, including the aggravating factors set out in subsection (4); and

(b) the amount of the fine should reflect the gravity of each aggravating factor associated with the offence.

(4) The aggravating factors are the following:

(a) the offence caused harm or risk of harm to human health or safety;

(b) the offence caused damage or risk of damage to the environment or to environmental quality;

(ii) failed to take prompt action to prevent, mitigate or remediate its effects, or
(iii) failed to take prompt action to reduce the risk of committing similar offences in the future.

(4A) The absence of an aggravating factor set out in subsection (4) is not a mitigating factor.

(4B) For the purposes of clauses (b) to (d) of subsection (4), “damage” includes loss of use value and non-use value.

(4C) Where the court is satisfied of the existence of one or more of the aggravating factors set out in subsection (4) but decides not to increase the amount of the fine because of that factor, the court shall give reasons for that decision.

(4D) No person shall be found guilty of an offence under this Part if that person establishes that he or she exercised due diligence to prevent the commission of the offence.

(5) No person commits an offence pursuant to subsection (1) of Section 151 by reason of committing waste as defined in clause (f) or (g) of subsection (2) of Section 151 unless that person has been ordered by the Committee to take measures to prevent the waste and has failed to comply. 1987, c. 3, s. 191; 1992, c. 12, s. 26; 2013, c. 16, s. 19; 2014, c. 43, ss. 26, 36.

(a) by making changes to any prohibition, direction, requirement or condition that is specified in the order for any period or by extending the period during which the order is to remain in force, not exceeding one year; or

(b) by decreasing the period during which the order is to remain in force or by relieving the offender of compliance with any condition that is specified in the order, either absolutely or partially or for any period.

(9) The workplace committee may make any recommendations to the employee and the operator that it considers appropriate.

(10) The occupational health and safety officer shall, where the employee continues to refuse to be transported, enquire into the matter, taking into account any recommendations made by the workplace committee.

(11) The occupational health and safety officer shall decide whether the transportation constitutes a danger to the employee, and shall give to the employee’s employer, the operator and the workplace committee a written notification of the decision, and the employer shall in turn notify any provider of services that is providing services related to the placement of that employee.

(12) Where the occupational health and safety officer decides that the transportation constitutes a danger to the employee, the officer shall make any order under subsection (1) or (2) of Section 202CQ that the officer considers appropriate, and an employee may continue to refuse to be transported until the order is complied with or until it is varied or revoked under this Part.

(13) Where the occupational health and safety officer decides that the transportation does not constitute a danger to the employee, the employee is not entitled to continue to refuse to be transported. 2013, c. 16, s. 23.

**Reasonably equivalent work**

**202BD(1)** Subject to any applicable collective agreement or other agreement, where an employee refuses under Section 202BC to be transported, the employer may assign reasonably equivalent work to the employee until the employee, by virtue of subsection (12) or (13) of Section 202BC, is no longer permitted to refuse to be transported.

(2) Where an employee is assigned reasonably equivalent work, the employer, or the provider of services that is providing services related to the placement of the employee, as the case may be, shall pay the employee the same wages and grant the employee the same benefits that the employment would have received had the employee not refused to be transported.

(3) Where an employee has not been assigned reasonably equivalent work, the employer or the provider of services that is providing services related to the placement of the employee, as the case may be, shall, until the employee, by virtue of subsection (12) or (13) of Section 202BC, is no longer permitted to refuse...
to be transported, pay the employee the same wages and grant the employee the same benefits that the employee would have received had the employee not refused to be transported.

(4) Subject to any applicable collective agreement or other agreement, where an employee refuses an assignment of reasonably equivalent work, the employee is not entitled to receive any wages or benefits.

(5) Subject to any applicable collective agreement or other agreement, the employer, or the provider of services that is providing services related to the placement of the employee, as the case may be, may require repayment of any wages and benefits received by an employee under subsection (3) if an occupational health and safety officer determines in respect of an application made under Section 202BM, after all avenues of redress have been exhausted by the employee, that the employee received the wages and benefits knowing that no circumstances existed that would warrant the refusal. 2013, c. 16, s. 23.

PREGNANT OR NURSING EMPLOYEES

Risk to health

202BE (1) Without prejudice to the rights conferred by Section 202AY and subject to this Section, an employee who is pregnant or nursing may cease to perform her job if she believes that, by reason of the pregnancy or nursing, continuing any of the functions connected with her regular work may pose a risk to her health or to that of her fetus or child.

(2) On being informed of the cessation, the employer, with the written consent of the employee, shall notify the workplace committee established for the employee’s workplace or the coordinator, as the case may be.

(3) The employee shall provide to her employer, and any provider of services that is providing services related to her placement, as soon as possible, a certificate of a medical practitioner of her choice who is entitled to practise medicine under the laws of a province

(a) certifying that continuing any of the functions connected with her regular work poses a risk to her health or to that of her fetus or child and indicating the expected duration of the risk and the activities or conditions to avoid in order to eliminate the risk; or

(b) certifying that continuing the functions connected with her regular work does not pose a risk to her health or to that of her fetus or child.

(4) Without prejudice to any other right conferred by this Part, by a collective agreement, by another agreement or by any terms and conditions of employment, once the medical practitioner has established that there is a risk as described in subsection (1), the employee is no longer permitted to cease to perform her job under that subsection.
(5) For the period during which the employee does not perform her job under subsection (1), the employer may, in consultation with the employee, reassign her to another job that would not pose a risk to her health or to that of her fetus or child.

(6) Whether or not the employee has been reassigned to another job, she is deemed to continue to hold the job that she held at the time she ceased to perform her job and is to continue to receive the wages and benefits that are attached to that job for the period during which she does not perform the job. 2013, c. 16, s. 23.

Modified work or reassignment request

202BF (1) An employee who is pregnant or nursing may, during the period from the beginning of the pregnancy to the end of the twenty-fourth week following the birth, request that the employer modify the functions connected with her regular work or reassign her to another job if, by reason of the pregnancy or nursing, continuing any of those functions may pose a risk to her health or to that of her fetus or child.

(2) The employee’s request shall be accompanied by a certificate described in clause (a) of subsection (3) of Section 202BE. 2013, c. 16, s. 23.

Employer to examine request

202BG (1) An employer to whom a request has been made under subsection (1) of Section 202BF shall examine the request in consultation with the employee and, where feasible, shall modify the functions connected with her regular work or shall reassign her, and shall notify any provider of services that is providing services related to the placement of that employee that the request has been made.

(2) An employee who has made a request under subsection (1) of Section 202BF is entitled to continue in her current job while the employer examines her request, but, where the risk posed by continuing any of the functions connected with her regular work so requires, she is entitled to and shall be granted a leave of absence with the same wages and benefits—payable by the employer, or any provider of services that is providing services related to the placement of that employee, as the case may be—that she would have received had she not been on leave of absence until the employer

   (a) modifies the functions connected with her regular work or reassigns her; or

   (b) informs her in writing that it is not feasible to modify the functions connected with her regular work or to reassign her.

(3) The onus is on the employer to show that a modification of the functions connected with the employee’s regular work or a reassignment that would avoid the activities or conditions indicated in the medical certificate is not feasible.
(4) Where the employer concludes that a modification of the functions connected with the employee’s regular work or a reassignment that would avoid the activities or conditions indicated in the medical certificate is not feasible, the employer shall inform her in writing.

(5) Where the functions connected with the employee’s regular work are modified or the employee is reassigned, the employee is deemed to continue to hold the job that she held at the time of making the request under subsection (1) of Section 202BF, and shall continue to receive the wages and benefits that are attached to that job.

(6) An employee referred to in subsection (4) is entitled to and shall be granted a leave of absence for the duration of the risk as indicated in the medical certificate. 2013, c. 16, s. 23.

202BK Where, after carrying out the enquiry, the occupational health and safety officer decides that a complaint is not justified or that no grounds for a complaint exist, the officer shall immediately give notice of the decision to the operator and the complainant, as well as to the employer, provider of services or union that is the subject of the complaint. 2013, c. 16, s. 23.

202BM (1) An employer or a provider of services may apply in writing to an occupational health and safety officer for a determination as to whether

SCHEDULE I

LIMITS OF THE OFFSHORE AREA

(Except where otherwise indicated, all latitudes and longitudes referred to in this Schedule are determined according to NAD 27)

The inner limit of the offshore area is the low water mark of Nova Scotia, except that
(a) in the vicinity of Chignecto Bay, the inner limit is a straight line from the most southwesterly point on the most northwesterly point on the low water mark at Cape Chignecto (N.S.) to a point at latitude 45° 24' 10" and longitude 65° 03' 31", being on a line between that point at Cape Chignecto (N.S.) and Martin Head (N.B.);

(b) in the vicinity of Minas Channel, the inner limit is a straight line from the most southerly point on the low water mark at Cape Chignecto (N.S.) to the low water mark at Long Point (N.S.);

(c) in the vicinity of St. Mary’s Bay, the inner limit is a straight line from the most southerly point on the low water mark at Long Island (N.S.) to the low water mark at the nearest point on the mainland, being approximately two kilometres south-westerly of Meteghan (N.S.);

(d) in the vicinity of Chedabucto Bay, the inner limit is a straight line from the most easterly point on the low water mark at Glasgow Head (N.S.) to the most southwesterly point on the low water mark at Red Point (N.S.);

(e) in the vicinity of St. George’s Bay, the inner limit is a straight line from the most easterly point on the low water mark at Cape George Point (N.S.) to the most westerly point on the low water mark at McKays Point (N.S.); and

(f) in any bay where a straight closing line of ten kilometres or less may be drawn between points on the low water mark of the bay so that the area of the bay landward of the closing line is greater than that of a semi-circle whose diameter is the closing line, the inner limit is the closing line; and for the purposes of this paragraph,

(i) “bay” includes harbour, port, cove, sound, channel, basin or other inlet,

(ii) the closing line shall be drawn in such manner as to enclose a maximum area of the bay, and

(iii) the area of the bay shall be calculated as including any islands or parts of islands lying landward of the closing line and as excluding any area above the low water mark along the coast of the bay.
