## PRIVACY ACT 2018 - 2019 ANNUAL REPORT TO PARLIAMENT

### Introduction

The *Privacy Act* gives Canadians the right to access personal information held by the government and protection of that information against unauthorized use and disclosure. Ministers and heads of agencies are responsible to ensure that their organizations comply with privacy legislation.

This is the annual report to Parliament on the administration of the *Privacy Act* within the Canada-Nova Scotia Offshore Petroleum Board during the Board's financial year ended March 31, 2019, required by Section 72 of the *Act*. This report is tabled in Parliament as required by Section 72 of the *Privacy Act*

### The Board

The Canada-Nova Scotia Offshore Petroleum Board was constituted in 1990 under the federal *Canada-Nova Scotia Offshore Petroleum Resources Accord Implementation Act*, S.C. 1988, c.28 (the "Accord Act"), and the provincial *Canada-Nova Scotia Offshore Petroleum Resources Accord Implementation (Nova Scotia) Act*, S.N.S. 1987, c.3, to regulate oil and gas exploration, development and production in the Nova Scotia offshore area. The Board's mandate is the:

- health and safety of offshore workers;
- protection of the environment;
- management and conservation of offshore petroleum resources;
- compliance with the provisions of the Accord Acts that deal with Canada-Nova Scotia employment, industrial benefits;
- issuance of licences for offshore exploration and development, and
- Resource evaluation, data collection, curation and distribution.

The Board reports to the federal Minister of Natural Resources Canada in Ottawa, Ontario, and the Minister of Energy in Halifax, Nova Scotia. The Board is composed of five members and one alternate members; the Chair appointed jointly by the federal and provincial governments, two members appointed by the federal government and two members and one alternate member appointed by the government of Nova Scotia. One alternate member position appointed by the Federal Government is currently vacant. The Board has, at present, a staff of 42 employees, located in the Board's head office in Halifax, Nova Scotia, and the Geoscience Research Centre (GRC) in Dartmouth, Nova Scotia. The Board is designated as a "government institution" in Schedule I of the *Privacy Act*.

## Disclosure of Information

Operators conducting exploratory or development activities are required to file reports, and provide specified information and samples to the Board, as a condition of receiving approval for proposed activities. Section 122 of the *Accord Act* provides that, in general, information or documentation provided for purpose of Part II or Part III of the *Accord Act* is privileged and may not be disclosed without the written consent of the person who provided it; however, this does not apply to the disclosure of particular classes of information after the expiry of specified confidentiality periods. It is the Board's policy to make such information available to the public in accordance with established administrative practice. The Board has published a listing of all such information available for release, which is up-dated annually.

The Board offices are staffed by 42 individuals of which there are six directors and 36 full-time staff. Of these 38 reside in our Halifax offices and four are located at our archive facility in Dartmouth at the Geoscience Research Centre (GRC). Our staff is comprised of health & safety, environment and conservation specialists that provide direction and regulation to oil and gas exploration companies in the offshore of Nova Scotia the remainder of staff provide technical and administrative support. The GRC staff handles archived data submitted by offshore operators as required by the authorization process and samples submitted from offshore exploration.

The Board maintains a statutory registry of licences, referred to in the *Accord Act* as "interests", and instruments affecting them. An employee designated as the Registrar maintains this registry system. The Registrar prepares abstracts of interests and registered instruments, and responds to requests for registered and other derivative information. Requests to the GRC for technical information and access to samples constitute the majority of requests and are routinely handled as informal requests.

The Board rarely receives requests from the public for personal information related to offshore workers or stakeholders. These requests when received are handled according to the *Privacy Act*.

## Policies, Procedures and Training

In view of the small size of the staff and lack of formal requests for information, the Board has not found it necessary to develop individual formal policies and procedures for responding to requests under the *Privacy Act*. Instead, our policies and procedures for Privacy have been combined with our Access to Information policies and procedures. Formal requests for private information are referred to the Board's Access to Information and Privacy Coordinator (the coordinator). Training for new employees is conducted as part of new staff orientation. No training has been provided this reporting term as there has been no new hires.

### **Delegation of Authority**

The Chair of the Board was designated as the “head” of the Board within the meaning of section 3 of the Privacy Act by an amendment dated April 8, 1992 (SI/92-55) of the *Access to Information Act Heads of Government Institutions Designation Order*, P.C. 1983-1835. The Chair has designated the Board’s Chief Executive Officer and the Analyst, Records Management to exercise or perform any of the powers, duties or functions of the Chair under the *Act* in accordance with Section 73 of the *Act*. (Delegation order attached).

### **Issues Raised as a Result of Privacy**

No complaints and/or investigations were received during the reporting period. Which is consistent to the past five years.

### **Statistical Report**

A statistical report for the year ending March 31, 2019 is attached. This report reflects the formal requests received or handled during the reporting period. There were no privacy requests for the reporting period 2018-2019. This has not changed in the past five years.

### **Privacy Act Impact Assessment**
